EXPERIENCE

Research Assistant

Parsons, The New School / Design & Technology Major
Contract / On-Going, since Dec 2025

Participating in the satellite tracking station project. Assisting the station fabrication with Fusion 360 CAD and prototypes using 3D printing and Arduino.

Motion Graphic Designer

Projector Village / Beam Projector Installation & Contents Company
Contract / Oct 2024 - July 2025

Led end-to-end production of large-format video content for a beam projection installation. Created and organized assets using After Effects and Premiere Pro. Produced visuals designed for 5–40 meter-wide output and delivered on schedule.

Motion Graphic Designer

Raum Art Center / Wedding & Social Venue in Seoul, Korea
Full-time / May 2024 - Sep 2024

Led video content creation for performances, concerts, and social events. Produced assets with After Effects, Premiere Pro. Used Mad Mapper and Touchdesigner to provide real-time reactive contents for social parties. Coordinated schedules across teams to ensure on-time delivery and consistent content quality.
